A reminder....

Today is a development tournament, which means it is all about getting as many water polo players involved, be that a player who has never played before to players who have played throughout the year in other regional mini polo tournaments.

The outcome of the day is to build the confidence of the players, develop the players knowledge about the game and the rules and most of all for the players to have fun!

So how can you help.....

1. Plenty of encouragement from coaches and spectators
2. Don't shout at the refs, they have been asked to support the players development
3. Lots of cheering and positive noise from the spectators
