### A reminder....

Today is a development tournament, which means it is all about getting as many water polo players involved, be that a player who has never played before or players who have played throughout the year in other regional mini polo tournaments. The aim of the day is to build the confidence of the players, develop the players knowledge about the game and the rules and most of all for the players to have fun! We can all help by:

1. Plenty of positive feedback from coaches and team managers
2. Not shouting at the referees, as they have been asked to officiate the games to support the development of the young players
3. Lots of cheering and positive encouragement from the spectators
